

**2011 Government Compensation in California (GCC) - Local Government Reporting**  
**Filing Status for Special Districts, Transit Operators, and Transportation Planning Agencies as of June 2012**

To determine if an agency is required to file a compensation report:

1. Find the agency's name in Table 2. As applicable, Transit Operators are identified by "[TO]" and Transportation Planning Agencies are identified by "[TPA]" following the agency's name.
2. If the agency's "Status" column is:
  - a Group number - the agency is required to file a compensation report.
  - County - the agency's compensation information must be included in its County's compensation report.
  - City - the agency's compensation information must be included in its City's compensation report.
  - TO - the agency's compensation information must be included in its Transit Operator's compensation report.
  - TPA - the agency's compensation information must be included in its Transportation Planning Agency's compensation report.
  - State - the agency is a State agency and is not required to file a compensation report.
  - Inactive - the agency is not required to file a compensation report.

Due to the large number of agencies, the compensation website publishing is divided into four groups. Table 1 shows the activities for each group.

**Table 1: GCC Group Activities**
